GALLERY OF ORIGINALS

DAYSTROM

FURNITURE, SOUTH BOSTON, VIRGINIA

SHOWROOMS: CHICAGO • NEW YORK • HIGH POINT • SAN FRANCISCO • SEATTLE

Rec'd January 3, 1966

Technology made Daystrom dining furniture dent-proof, warp-proof, ring-proof, split-proof, wobble-proof, crack-proof, creak-proof, blister-proof, and sag-proof. Here's why:

Epoxy-finished metal legs and trims are absolutely chip-proof. The electrostatic system used by Daystrom to paint and bake all legs and metal parts is similar to that used for high-quality automotive finishes.

Chair legs can't pull out or wobble with Daystrom's exclusive T-nut construction system. Threaded metal inserts at all points of attachment make assembly easier. And this metal against metal construction makes the Daystrom chairs stronger and more durable.

Only finest-quality Daystromite plastic laminates are used. These high-density finishes will not split, crack, blister, mar or stain. They're made for years and years of hard use.

Every top is sandwich laminated on both sides to prevent warping, splitting and cracking.

Every leg is self-leveling. Polyethylene plastic glides adjust automatically to uneven floors, prevent marring of floors, decrease noise when chairs or tables are moved.

Daystrom swivels are engineered to move silently, smoothly, securely and return to their original position because of built-in memory feature.

Only heaviest gauge, unsupported vinyls are used for upholstery on Daystrom chairs. They're completely washable, of course.

Cushioning on Daystrom chairs will not pack or slide or lump.

All Daystrom upholstery fabrics, hardware and laminated wood finishes are kept in open stock.

All Daystrom materials and workmanship are guaranteed unconditionally for one year after the furniture enters your home.

We made it beautiful.

Daystrom dining furniture is designed to complement your good taste in home furnishings. Whether you'll be using it in your dining area, family room or kitchen you'll find the lovely finishes and handsome upholsteries on Daystrom dining groups will fit in with today's—and tomorrow's—finest styles in decorating.

Daystrom tables are properly scaled for today's dining areas and will take your table settings beautifully. Daystrom chairs are designed for beauty, engineered for comfort and stability.

All you have to do to keep your Daystrom dining furniture looking beautiful is keep it clean with soap. Do not use harsh detergents. No special waxes, cleaners or cleansers need be used. Daystrom takes care of your maintenance at the factory.

TABLE 5944: ROSEWOOD/CHAIR 4194: OLIVE HEATHER/ROSEWOOD VINYL BACK

LYRIC II

A dramatic new sled pedestal highlights the trend-setting contemporary lines of Lyric II, Daystrom's newest luxury dining group. This new pedestal in polished chrome swivels from a uniquely-balanced base designed exclusively for Daystrom. And, like all Daystrom swivels, it will turn silently, smoothly, securely and return to its original position with new built-in memory feature.

TABLE 5184: ROSEWOOD / CHAIR 4184: BLACK RIBBED VINYL

LYRIC I

by Daystrom

Lyric I has class. You can see it in the sophisticated way it looks. Elliptical rosewood laminate top has mirror-like finish. It's 35 x 60, solid 1⅛ inches thick. Nice and heavy. Exclusive pedestal table base is sculptured chrome. High-back ribbed vinyl chairs swivel silently, smoothly, smartly. Lyric I is the trend-setting Daystrom group designed for the homemaker who buys for styling, not price.

TABLE 5084: ROSEWOOD/CHAIR 4284: RED CALYPSO AND ROSEWOOD VINYL

OCTETTE

Series by Daystrom

To meet the growing preference for swivel dining furniture, Daystrom has designed the Octette Series, the most outstanding collection now available. Versatile, smartly color-coordinated with the high-fashion look homemakers want. And Daystrom has taken special pains to make sure every chair swivels smoothly, silently, strongly, securely. Handsome pedestal table bases are exclusive with Daystrom, too. Sunburst inlay design is available at no extra cost.

Daystrom
Page 11

TABLE 5681: ROSEWOOD/CHAIR 4081: RED TWEED WITH BLACK RIBBED BOXING

MODERN CLASSIC
BY DAYSTROM

Daystrom's Modern Classic has the newest high-fashion look in dining furniture: the look of cane and tweed accented with a distressed oak or rosewood table top and trim on the chair. Elegantly proportioned chair may be ordered with cane back and upholstered seat or with upholstery on back and seat. Either way this handsome new group will complement any traditional or transitional decorating scheme.

Vantage 58 SERIES
BY DAYSTROM

Smart high-back chairs upholstered in handsome new washable vinyls give a transitional look to Daystrom's Vantage 58 Series—and a feeling of solid, luxurious comfort. Brass-trimmed leg braces on the tables complement the transitional look.

Daystrom Chairs

All chairs are available with all tables

Like other fine furniture, Daystrom chairs are the designs of a man who is well acquainted with style trends and customer needs.

He's practical, too, for he's made certain every chair is comfortable, sturdy and efficient. He's seen to it upholstery is carefully fitted and tailored. He's used a foam cushioning that keeps its shape. And he's provided nylon glides that automatically level chairs on uneven floors and prevent denting.
